

# **Environmental Policy**

Banki College endeavors to promote community welfare, environmental protection and conducive atmosphere to a standard level of performance. It has evolved a series of schemes and activities to achieve the same. The college is committed to a cleaner and greener campus. To realise this vision, the Institute is committed to: Institutionalise best practices; comply with applicable environmental norms, regulations and standards. Preventing pollution through continually monitoring and improving its environmental performance. Promote use of clean and safe technologies in order to utilise natural resources efficiently. Encourage transparency and communication of its commitment to sustainable development; simultaneously increasing environmental awareness amongst its stakeholders as well as the community at large. Foster education, research and information exchange on environmental protection and development to move toward global sustainability.

**Key Focus Areas** Solid waste management Waste water management Rain water harvesting Use of natural recourses like air and light at optimum level Reduction in electricity consumption and exploring ways to use renewable sources of energy like solar energy.
