

The college decides take a feedback on the current syllabi from the parents. About 300 feedback was collected from the parents from each department. The data were collected with the help of a structured questionnaire.

Responses received from the parents are represented in Fig. -3.

More than 95% of the respondents positively responded that the syllabi contained a statement of objectives, the contents of the syllabi matched their child's academic interest / aptitude and the curriculum would provide job opportunities to their wards.

More than 88% of the students responded that the syllabus encouraged their child to go beyond it, the curriculum took their ward's academic and professional needs into account and they also discussed the relevance of syllabus with teachers.

However, 74% of the respondents felt that the syllabus needs revision.

About 11% of the respondents felt that the topics in the syllabus were too limited / vast, whereas 8% of the respondents complained about some aspects of the syllabi.
